WORK EXPERIENCE

Department of
Science and
Technology
(December 2019–
January 2020)

Document Management

I interned at the Department of Science and Technology (DOST), where I assisted my colleagues in organizing and managing their files and documents to ensure easy access and retrieval of the information they needed.

Rustan Coffee
Corporation
(October 2022 –
December 2023)

Barista

When I worked as a barista, I gained strong multitasking, communication, and time management skills in a fast-paced environment also maintained cleanliness and organization of the workspace while adhering to company standards

Restaurant
Concepts Group Inc.
(March – July 2024)

Full Stack Web Developer

I developed a dynamic web application as a solo full stack developer, managing both front-end and back-end tasks. Utilized technologies such as HTML, CSS, JavaScript, and frameworks like React for the front end, and Node.js, Express, and MongoDB for the back end.

EDUCATION

Technological
University of the
Philippines – Taguig
2020–2024

Bachelor of Science in Information Technology

Gained a strong foundation in software development, database management, networking, and cybersecurity. Completed coursework in system analysis and design, cloud computing, and IT project management. Also, worked on hands-on projects, including web development, mobile application development, and database systems.
